C.2 DEFINITIONS

Four Pillars: The Agency's strategic framework for effective child welfare practice that includes key outcomes to be achieved and measureable indicators of progress.

C.3 BACKGROUND AND NEED

The Child and Family Services Agency (CFSA) is the District of Columbia's cabinet-level child welfare agency. CFSA is charged with protecting child victims and those at risk of abuse and neglect, and with assisting their families. Along with our community partners, CFSA works to ensure that children involved in the public child welfare system grow up in safe, permanent homes with strong families. CFSA investigates reports of child abuse and neglect of children up to age 18, and provides child protection. Services include family stabilization, time-limited foster care and supportive community-based services to support achievement of permanency through reunification, guardianship, adoption, and established lifelong connections. Services are designed to enhance the safety, permanence and well-being of abused, neglected, and at-risk children and youth (until they reach their 21st birthday), and their families in the District of Columbia. The Agency seeks to achieve the highest quality of community-based services, to increase the number of families who receive community-based preventive and support services, and to expand the network of resources providing services to at-risk children and their families to reduce the need for placement in the foster care system. CFSA's overall strategic framework is comprised of four pillars:

Narrowing the Front Door - Children should have the opportunity to grow up with their families and should be removed only when necessary to keep them safe. It is a priority of the current administration to reach out, locate, and utilize relatives as resources and support for children who come to CFSA's attention.

Temporary Safe Haven - Foster care should be a temporary safe haven, with permanency planning beginning the day a child enters care. CFSA will seek relative placements first, followed by the most appropriate and homelike setting to keep children connected to their schools and communities. CFSA will promote and preserve maternal and paternal relationships and sibling connections through frequent, quality visits. Permanence is best achieved through a legal relationship such as reunification, guardianship, or adoption.

Well-being - Every child is entitled to have a nurturing environment that supports growth and development as a healthy, self-assured, and educated adult. CFSA is committed to working collaboratively with other systems to address education, mental health, and physical health care so children we serve receive the supports they need to thrive. Our goal is to support educational achievement for all children in care, from early childhood education through high school and college or vocational school.

Exits to Positive Permanency - Every child and youth should exit foster care to a well-supported family environment or lifelong connection as quickly as possible. Older youth should exit care with the education and skills necessary to help them become successful, self-supporting adults, with appropriate community-based aftercare services.

The Agency also closely collaborates with the Family Court of the District of Columbia Superior Court, community stakeholders, advocacy groups, and service providers to support the achievement of safety, permanency, and well-being for all the children it services.

The responsibility for children in foster care is shared between CFSA and its network of contracted private agencies. Of the 1,421 children placed in foster care as of February 28, 2013, 82% were served in family-based settings, including with kin, non-relative foster parents, or in pre-adoptive homes. The total population of children was evenly distributed between male and female. Fifty-six percent of youth in care were 12 years and older; a level 18% greater than national figures.

Compared to other jurisdictions, the District of Columbia has one of the highest percentages of children living in poverty (30% compared to 22% nationally) and has a high proportion of children in foster care. In the District of Columbia, census data indicates approximately 101,000 of the District's residents are under the age of 18. The census data also indicate a disproportional distribution of the youth population throughout the eight wards of the District. Six of the eight wards account for almost 90% of the youth. Racial and ethnicity composition for youth varies from 63% Caucasian in Ward 3 to over 90% in Ward 7. According to US Census data, 1.7% of all children and youth in the District are in the foster care system. Children in the District's foster care

population are about equal in gender distribution, older than in most jurisdictions, and are over-represented (90%) by the African American population. CFSA-involved children are at higher risk for poor educational outcomes, chronic health issues, early parenthood, long-term dependence on public assistance, increased rates of incarceration, homelessness, and unemployment.

Under the Administration for Children and Families *Initiative to Improve Access to Needs Driven, Evidence-Based, Evidence-Informed Mental and Behavioral Health Services in Child Welfare* funding opportunity, CFSA has been awarded federal grant funds in the amount of \$3,200,000 (\$640,000 each year for five years) to facilitate transformation of the District's current child welfare system into one that is trauma-informed, contributing to measureable improvements in the social and emotional well-being of children in foster care. Implementation of evidence-based or evidence-informed screening, assessment, and case planning practice that complements existing resources will contribute to restoring the developmentally appropriate functioning of targeted children and youth in foster care that have mental and behavioral health needs. The District will increase placement stability, reduce lengths of stay in foster care, and increase the percentage of children exiting to positive permanency including adoption. The District expects to serve a minimum of 1,000 families over the course of the demonstration project.

Trauma-informed child welfare practice will be reflected in the implementation and adherence to fidelity of trauma-informed screening tools and functional assessments that inform outcome-oriented case planning, and the provision of specialized training to child welfare staff, including senior leadership, mental health providers and the resource parents who have responsibility for maintaining a standard of care for children involved in the child welfare system. System transformation is designed to include long-term reduction in the use of psychotropic medication as a first-line treatment strategy and increase the use of behavioral or non-pharmacological treatment approaches in response to the mental health needs of children in foster care.

Our efforts are closely aligned with the Department of Mental Health's proposed Cooperative Agreement to build on the District's System of Care (SOC) Expansion Planning Grant. CFSA is taking a strategic approach to how the child welfare system engages its partners in supporting families who become involved with the child welfare system, and priorities include well-being of children while in foster care and exits to positive permanence. As the District implements an SOC that facilitates the provision of required individualized, culturally and linguistically-competent mental health and recovery support services, the current Funding Opportunity Announcement provides the resources necessary to target and de-scale as necessary those practices that are not effective and/or do not meet the assessed needs of the child welfare population in general.

The evaluation will assess the extent to which the proposed activities impact outcomes associated with increased protective factors, overall well-being and exits to permanency. The District's project will also assess the impact of increased information sharing and communication across the child welfare and mental health systems including the capacity to sustain efforts long-term.

Interested individuals must demonstrate experience and capacity to meet required deliverables and submit an application which outlines relevant experience and background that qualifies them as a Project Assistant provider.

The inspection and acceptance requirements for the resultant agreement shall be governed by clause number six (6), "Inspection of Services" of the Government of the District of Columbia's Standard Contract Provisions for use with Supplies and Services Contracts, dated March 2007.

C.11 METHOD OF AWARD:

C.11.1 The contract will be awarded to the responsible Offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

C.12 TECHNICAL RATING(S)

C.12.1 Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; Offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.

3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

C.12.2 The technical rating is a weighting mechanism that will be applied to the point value for each ranking factor to determine the Offeror's score for each factor. The Offeror's total technical score will be determined by adding the Offeror's score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the Offeror's response as "Good," then the score for that evaluation factor is 4/5 of 40 or 32.

If subfactors are applied, the Offeror's total technical score will be determined by adding the offeror's score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the Offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

C.14.1 TOTAL POINTS (100 Points Maximum)

Total points shall be the cumulative total of the Offeror's technical criteria points and price.

C.15 EVALUATION OF OPTION YEARS

The District will evaluate offers for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the District to exercise them. The total District's requirements may change during the option years. Quantities to be awarded will be determined at the time each option is exercised.

C.16 SELECTION OF NEGOTIATION PROCESS

The obligations outlined in Section 2. Obligations and Activities of Business Associate shall survive the termination of this Contract.

10. Miscellaneous

a. Regulatory References. A reference in this HIPAA Compliance Clause to a section in the Privacy Rule means the section as in effect or as amended.

b. Amendment. The Parties agree to take such action as is necessary to amend this HIPAA Compliance Clause from time to time as is necessary for the Covered Entity to comply with the requirements of the Privacy Rule and HIPAA. Except for provisions required by law as defined herein, no provision hereof shall be deemed waived unless in writing and signed by duly authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any other right or remedy under this HIPAA Compliance Clause.

c. Survival. The respective rights and obligations of the Business Associate under Section 9. Term and Termination of this HIPAA Compliance Clause and the sections of the Standard Contract Provisions for use with the District of Columbia Government Supply and Services Contracts covering Default and Termination for the Convenience of the District shall survive termination of the Contract.

d. Interpretation. Any ambiguity in this HIPAA Compliance Clause shall be resolved to permit compliance with applicable federal and District of Columbia laws, rules and regulations, and the HIPAA Rules, and any requirements, rulings, interpretations, procedures, or other actions related thereto that are promulgated, issued or taken by or on behalf of the Secretary;

provided that applicable federal and District of Columbia laws, rules and regulations shall supersede the Privacy Rule if, and to the extent that they impose additional requirements, have requirements that are more stringent than or provide greater protection of patient privacy or the security or safeguarding of PHI than those of the HIPAA Rules.

The terms of this HIPAA Compliance Clause amend and supplement the terms of the Contract, and whenever possible, all terms and conditions in this HIPAA Compliance Clause are to be harmonized. In the event of a conflict between the terms of the HIPAA Compliance Clause and the terms of the Contract, the terms of this HIPAA Compliance Clause shall control; provided, however, that this HIPAA Compliance Clause shall not supersede any other federal or District of Columbia law or regulation governing the legal relationship of the Parties, or the confidentiality of records or information, except to the extent that the Privacy Rule preempts those laws or regulations. In the event of any conflict between the provisions of the Contract (as amended by this HIPAA Compliance Clause) and the Privacy Rule, the Privacy Rule shall control.

e. No Third-Party Beneficiaries. The Covered Entity and the Business Associate are the only parties to this HIPAA Compliance Clause and are the only parties entitled to enforce its terms. Except for the rights of individuals, as defined herein, to have access to and amend their PHI, and to an accounting of the uses and disclosures thereof, in accordance with Paragraphs (2)(f), (g) and (j), nothing in the HIPAA Compliance Clause gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons.

f. Compliance with Applicable Law. The Business Associate shall comply with all federal and District of Columbia laws, regulations, executive orders and ordinances, as they may be amended from time to time during the term of this HIPAA Compliance Clause and the Contract; to the extent they are applicable to this HIPAA Compliance Clause and the Contract.

g. Governing Law and Forum Selection. This Contract shall be construed broadly to implement and comply with the requirements relating to the Privacy Rule, and other applicable laws and regulations. All other aspects of this Contract shall be governed under the laws of the District of Columbia. The Covered Entity and the Business Associate agree that all disputes which cannot be amicably resolved by the Covered Entity and the Business Associate regarding this HIPAA Compliance Clause shall be litigated before the District of Columbia Contract Appeals Board, the District of Columbia Court of Appeals, or the United States District Court for the District of Columbia having jurisdiction, as the case may be. The Covered Entity and the Business Associate expressly waive any and all rights to initiate litigation, arbitration, mediation, negotiations and/or similar proceedings outside the physical boundaries of the District of Columbia and expressly consent to the jurisdiction of the above tribunals.

h. Indemnification. The Business Associate shall indemnify, hold harmless and defend the Covered Entity from and against any and all claims, losses, liabilities, costs, and other expenses incurred as a result or arising directly or indirectly out of or in connection with (a) any misrepresentation, breach of warranty or non-fulfillment of any undertaking of the Business Associate under this HIPAA Compliance Clause; and (b) any claims, demands, awards, judgments, actions and proceedings made by any person or organization, arising out of or in any way connected with the performance of the Business Associate under this HIPAA Compliance Clause.

i. Injunctive Relief. Notwithstanding any rights or remedies under this HIPAA Compliance Clause or provided by law, the Covered Entity retains all rights to seek injunctive relief to prevent or stop the unauthorized use or disclosure of PHI by the Business Associate, its workforce, any of its subcontractors, agents, or any third party who has received PHI from the Business Associate.

j. Assistance in litigation or administrative proceedings. The Business Associate shall make itself and any agents, affiliates, subsidiaries, subcontractors or its workforce assisting the Business Associate in the fulfillment of its obligations under this HIPAA Compliance Clause and the Contract, available to the Covered Entity, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against the Covered Entity, its directors, officers or employees based upon claimed violation of HIPAA, the Privacy Rule or other laws relating to security and privacy, except where the Business Associate or its agents, affiliates, subsidiaries, subcontractors or its workforce are a named adverse party.

Any notices between the Parties or notices to be given under this HIPAA Compliance Clause shall be given in writing and delivered by personal courier delivery or overnight courier delivery, or by certified mail with return receipt requested, to the Business Associate or to the Covered Entity, to the addresses given for each Party below or to the address either Party hereafter gives to the other Party. Any notice, being addressed and mailed in the foregoing manner, shall be deemed given five (5) business days after mailing. n. Successors and Assigns. The provisions of this HIPAA Compliance Clause shall be binding upon and shall inure to the benefit of the Parties hereto and their respective successors and permitted assigns, if any.

o. Severance. In the event that any provision of this HIPAA Compliance Clause is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of the provisions of this HIPAA Compliance Clause will remain in full force and effect. In addition, in the event a Party believes in good faith that any provision of this HIPAA Compliance Clause fails to comply with the then-current requirements of the Privacy Rule, such party shall notify the other Party in writing, in the manner set forth in Section 10. Miscellaneous, Paragraph k. Notices. Within ten (10) business days from receipt of notice, the Parties shall address in good faith such concern and amend the terms of this HIPAA Compliance Clause, if necessary to bring it into compliance. p. Independent Contractor. The Business Associate will function as an independent contractor and shall not be considered an employee of the Covered Entity for any purpose. Nothing in this HIPAA Compliance Clause shall be interpreted as authorizing the Business Associate workforce, its subcontractor(s) or its agent(s) or employee(s) to act as an agent or representative for or on behalf of the Covered Entity.

q. Entire Agreement. This HIPAA Compliance Clause, as may be amended from time to time pursuant to Section 10. Miscellaneous, Paragraph b. Amendment, which incorporates by reference the Contract, and specific procedures from the District of Columbia Department of Health Privacy Policy Operations Manual, constitutes the entire agreement and understanding between the Parties and supersedes all prior oral and written agreements and understandings between them with respect to applicable District of Columbia and federal laws, rules and regulations, HIPAA and the Privacy Rule, and any rules, regulations, requirements, rulings, interpretations, procedures, or other actions related thereto that are promulgated, issued or taken by or on behalf of the Secretary.
